Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: After reviewing the Request for Continued Examination, filed on May 19, 2004, the claims were found to remain allowable over the prior art since no prior art could be found teaching or suggesting a guidewire comprising a distal end of the radiopaque coil is connected to a distal end of the core to form a connection, and wherein the plastic jacket encapsulates the connection, as claimed in Claim 32; a core wire having a distal portion of the distal region having a relatively flat cross sectional shape and the proximal portion of the distal region of the core having a relatively round cross sectional shape, as claimed in Claim 35; and a jacket with a first section over a radiopaque coil and a second section adjacent the first section and overlaying and in contact with the second portion of the core wire, as claimed in Claims 40 and 41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Szmalec whose telephone number is (571) 272-4733. The examiner can normally be reached on Monday-Friday, with second Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Max Hindenburg can be reached on (571) 272-4726. The fax phone
